## NEW: Reservation of free sauna infusions directly at the terminal

A sauna infusion reservation terminal is now available in the sauna area. Please use your chip watch to reserve your free guided sauna infusions here. Choose your desired infusion: in the Zen sauna - in the sole steam bath - in the gong steam bath!

All guided infusions can be booked 2 hours in advance.

Our employees of the thermal spa reception and our sauna masters will be happy to help you.

We kindly ask you to take a seat in all cabins no later than 5 minutes before the start of the infusion.
